Vacation in your own garden.

STAY™ outdoor furniture is made to let you dream away in your own garden all year round. Imagine yourself in a hideaway and make staying home feel like a vacation. STAY home, STAY relaxed, STAY happy.

We want to bring the entire holiday experience to you. Not only is our furniture **comfortable**, it's also very **low in maintenance** and made from **durable materials** that maintain their **superior quality**, year after year. No need to stow away your furniture, all fabrics we use are dirt- and water-repellent and UV resistant.

Jump straight out of the pool into our furniture, each piece is made from fabrics which keep their vibrant color even when exposed to chlorinated or salt water.

Easy maintenance

STAY™ furniture doesn't need much maintenance. The fabrics are not only **water- but also dirt-repellent**. In case of a stain, you can use some water and mild soap to clean it.

Quality materials

Your STAY™ furniture is covered with the unique **Sunbrella® or Sunproof®** fabric. It is dirt- and water-repellent, so your furniture can stay outside all year round in **all weather conditions**.

Easy set up

STAY™ furniture is designed with your **convenience in mind**, ensuring that the setup process is **quick and effortless**. In just a matter of minutes, you'll find yourself delighting in the comfort of your newly acquired pieces. So sit back, relax and enjoy your new furniture without the hassle of long set-up times.

Elegant, modern and timeless designs

Balanced, light and modern. That's how to describe each design of our STAY™ furniture. The unique frames of our products ensure maximum comfort without compromising on design. A STAY™ product in your garden makes you **feel like you're in a 5-star hotel**.

Sunproof fabric

Sun-resistant or UV-resistant fabric, designed to provide protection against the harmful effects of ultraviolet (UV) radiation from the sun. Often available in various colors.

Water repellent fabric

Designed to resist the penetration of water.

Quick dry foam

Quick dry foam is a type of foam that does not retain water. The water runs directly through it, ventilates and is treated in such way that mold does not stand a chance.

Cushion fixation

Designed to prevent cushions from sliding or moving around during use. It enhances comfort and stability and maintains the desired arrangement for a neat and comfortable seating experience.

Natural teak

FSC-certified teak wood is sustainable sourced, long-lasting and designed to withstand harsh weather conditions.

Marble

Marble boasts a luxurious allure, exceptional durability and timeless elegance.

Ceramic

Ceramic furniture is celebrated for its durability, ability to withstand high temperatures and remarkable versatility in various applications.

Rope

Organic, known for its strength, durability, weather resistance and ability to provide a flexible yet sturdy surface for seating.

Stainless steel

Its exceptional resistance to corrosion, staining and rusting, makes the product highly durable.

Stackable

A design feature that enables them to be easily stacked on top of one another for compact storage or transport.

Customized

With or without armrest, you can customize the armrest of this product according to your personal preference, practical needs and intended furniture usage.

Combine elements

The ability to rearrange the elements to create the perfect set-up.

Various sizes

Different sizes are possible for certain products.

Adjustable

Adjustable backrest for some products. This allows customization based on personal preference, practicality and the intended use of the furniture piece.

cleaning guide

**// don't stress
when someone
makes a mess //**

cleaning guide

Sunproof® fabrics

for common stains

-  brush off loose dirt, then vacuum clean
-  pre-clean with a neutral universal agent
-  stain removal agents should only be worked in with a clean, damp and absorbent cloth
-  after each cleaning remove any residual cleaning agent, using spray extraction

spilled substance	recommended cleaning solutions
blood, animal excreta, baby food, chocolate, milk, egg, ice cream, vomit	fresh stains: treat with an alkaline cleaning agent, rinse off immediately dried-in marks: treat with an enzyme agent, note reaction time, wipe off gently
cola, lemonade, honey, street dirt	treat with a normal commercial oxidative bleaching agent
candle wax, chewing gum, face powder, fat, floor polish, glue, nail varnish, oil paint,	treat with an agent containing solvent, using manual method as well (scrape off, beat lightly, vacuum clean when completely dry)
ink, coloured pencil, chalk, flower stains, furniture polish, ketchup	treat with dye-fixing agent, possibly treat afterward with an oxygen bleaching agent
beer, brandy, coffee, fruit juice, fruit stains, grass stain, jam, wine, mould stain, perfume, tea	fresh stains: treat with weak solution of organic acid (slightly acidic cleaning agent), rinse off immediately dried-in marks: treat with a normal oxidative bleaching agent

cleaning guide

Teak wood

for easy maintenance

brush off loose dirt with a stiff brush, follow the natural grain of the timber to avoid scratching the wood

use clean water and a cloth to lightly moisten the wood

wash down the surface, using a soft cloth and a teak cleaner or a homemade solution of vinegar and warm water (250ml vinegar to 4l of water)

allow the vinegar solution to penetrate into the teak for 15 minutes

clean the timber with a sponge, following the grain of the wood

rinse lightly from the bottom up with a hose

allow the wood to air dry

for common stains

clean the wood as above

if the stain isn't lifting, try adding a dash of bleach to the cleaning fluid

for stubborn stains, you can lightly sand the affected area with a fine sandpaper
